We must have in each student's file a copy of his Birth Certificate; Certificate of Immunization; and an Eye, Ear, and Dental Certificate. These forms may be obtained at the local health department or from your private physician. Please turn these forms in to the office by the first day of school. The Health Department requires that each child have two doses of the MMR. Children that have not had their second dose must have it before they enter sixth grade. We will need to have the 3231 certificate stating that your child has received his shot. Thank you for your cooperation.
